

Galvanised Camper Trailers

 here-is-your.info/galvanised-camper-trailers

March 31, 2018

Today's featured business is Balance Trailers. Based in Kilsyth, they are recognised as the leading manufacturer of Australian made galvanised trailers.

Their flagship product is the hot dipped galvanised camper trailers that grace the highways of our continent. They also make tipper trailers, box trailers, tandem trailers and single axle trailers.

Not only do they make the trailers onsite in Kilsyth but they also sell direct to the public saving you money on your next trailer purchase. Buying direct certainly lowers the cost of a galvanised camper trailer.

Business Name: Galvanised Camper Trailers Melbourne

Address: 211 Colchester Rd, Kilsyth, VIC, 3137, Australia

Phone Number: 1300 362 220

Website: Balance Camper Trailers

About Us: Balance Galvanised Camper Trailers is based in Kilsyth Victoria. We are specialists in the manufacture and sale of quality galvanised trailers. Balance Trailers offer high quality built camper trailers at a very reasonable price.

We are an innovative manufacturer who produces trailers with an emphasis on quality and design and we always appreciate customer's feedback and turning that advice into creative and functional new design, in order to keep improving our galvanised camper trailers.

We have strict quality systems in place from choosing materials, suppliers and services to provide our customers reliable and high-quality camper trailers for Australia's harsh outdoor environment.
